BUSINESSES.***

About us

The Brunei Economic Development Board (BEDB) envisions a resilient and diversified economy and is committed to catalysing sustainable growth by attracting and facilitating impactful investments that create jobs and generate opportunities for local enterprises.

BEDB also provides effective support and resources to enterprises of all sizes to spur innovation and growth, and develops fit-for-purpose industrial infrastructure to enable enterprises to thrive in a conducive environment. Focused on three strategic thrusts—Enabling Private Sector Growth, Increasing Internationalisation, and Enhancing BEDB Capabilities—BEDB is dedicated to driving economic development and fostering a vibrant business ecosystem in Brunei.

Why Standards Matter

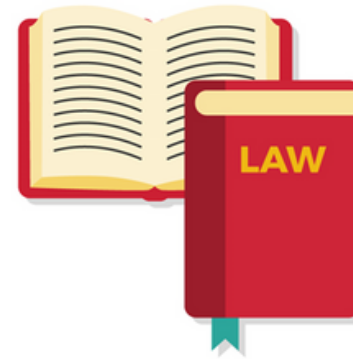

International standards help ensure quality, safety and consistency across industries. They are essential for businesses seeking to improve operations, access new markets and gain customer trust

BENEFITS OF INTERNATIONAL STANDARDS FOR ...

Industries:

- Increase market access and export opportunities
- Offer globally accepted and trusted products / services
- Improve efficiency, reduce waste and raise profitability
- Strengthen brand credibility and competitiveness

Regulators:

- Align with international trade and regulatory frameworks
- Improve compliance and inspection consistency
- Boost public trust and product safety
- Facilitate cross-border trade and harmonisation

General Public:

- Safer, more reliable products and services
- Access to innovation driven by best practices
- Assurance that companies operate responsibly and ethically
- Helps address global issues like pandemics and climate change

About Standards Programme

BEDB supports Brunei businesses by enhancing the quality of local offerings to meet international standards. Through the DARE-led initiative: **Standards Programme** enables companies to access new markets and grow with confidence.

OBJECTIVE

To support companies in adopting international standards to drive business growth, improve internal systems and elevate product and service quality.

Before You Apply

**Brunei-registered
company**

**Top Management
Commitment**

**Dedicated Team
Members**

**Willing to bear
associated costs
to certification**

**Able to achieve
certification
within timeline**

Which Track is Right for You?

Track 1: Training

- ☒ Interested in learning about international standards
- ☒ No prior certification required
- ☒ Yearly refresher or upskilling knowledge

Track 2: Compliance

- ☒ Clear interest in implementing international standards
- ☒ Not committed to pursue certified in 9 - 12 months
- ☒ Willingness to **self-finance** cost
- ☒ MSMEs who need internal alignment before certification
- ☒ Suitable site and/or infrastructure to begin improvement work

Track 3: Certification

- ☒ Ready to complete certification journey within 9 - 12 months
- ☒ Willingness to invest in audit and certification costs
- ☒ Strong motivation e.g. market access, client requirement, export readiness, compliance
- ☒ Basic infrastructure and operational setup in place e.g. equipment, systems

Which Track is Right for You?

★ Are you committed to getting certified within 9 - 12 months?

Yes

★ Is your top management actively committed - in mindset, resourcing and communication?

Yes

★ Do you have a dedicated project team (3-4 committed personnel, including team lead)?

Yes

★ Is your motivation for certification linked to growth, export or regulatory requirements?

Yes

Have you set up basic infrastructure needed for compliance (tools, software, facilities)?

Yes

Do you already have documented SOPs or policies relevant to standards and a clear scope of activities?

Yes

Track 3: Certification

Track 2: Compliance

Important Note:

- If your company is highly motivated to pursue certification but lacks on some area, you can still apply for Track 3: Certification.
- For F&B industries, having a compliant infrastructure is a **key requirement** to proceed.

What You Will Get

Training

Documentation development

1-1 Consultations
